

FLSA Math: How to Calculate Wage-Related Damages 2023

Location

Webinar

Date & Time

Start Date: 11/01/2023

Start Time: 9:00 am ET

End Time: 12:00 pm ET

John Ho will present “Hourly, Minimum, & Overtime Wage Rates” and “Domestic Workers Issues” during FLSA Math: How to Calculate Wage-Related Damages hosted by the New York City Bar Association. This program will provide attendees with the nuts and bolts necessary to understand the formulas that apply when calculating wage-related damages under the Fair Labor Standards Act and the New York Labor Law. John and the other panel members will discuss specific and complex examples of issues that arise in practice, such as calculating hourly, overtime, and minimum wage rates; statutory damages under the Wage Theft Prevention Act; spread-of-hours pay and non-hourly wage rates; and special rules for the calculation of damages in the hospitality, domestic worker, and building services industries.
