

Trump's New Drug Pricing Czar Takes Reins as Focus Shifts to Hill

Wednesday, August 21, 2019

Alex Campau was quoted in a Bloomberg Law's Health Law & Business News article as saying that the Trump administration's new drug czar John Brooks prefers a data-driven approach when making decisions. "He really considers all sides as he's making decisions," said Alex, who worked with Brooks while they were on the White House Domestic Policy Council. To read more, please click [here](#).
