

Strategies for Arbitrating FLSA Claims

Location

Puerto Vallarta, Mexico

Date & Time

Start Date: 02/15/2023

Susan Eisenberg will present at the ABA Labor and Employment Law Section Midwinter Meeting. Susan will discuss the ins and outs of arbitrating individual arbitrations in large quantities and about keeping organized and strategically navigating the process. Arbitration is now a regular part of most employment law practitioners' practice. While some employers favor arbitration over court, others recognize that it is not a panacea, particularly when faced with individual filings *en masse*.
