

Construction Continuing: An Essential Guide to Pursuing Claims in a COVID (and post-COVID) World

Location

Webinar

Date & Time

Start Date: 05/05/2021

Start Time: 1:00 p.m.

End Time: 2:00 p.m.

Speakers

Stephen Seeger and **Jesse Keene** will be presenting a webinar for Exponent. This webinar will discuss the ongoing impact of COVID-19 on construction and engineering projects. The panelists will explain what parties need to know to protect their positions on construction projects impacted in 2020 and beyond. The session will be of interest to infrastructure professionals involved with project execution or contract administration and will focus on resolving disputed claims on major transnational EPC projects.

This panel will cover:

- Claim essentials on projects undertaken in a COVID world
- How standard form construction and engineering contracts fared in dealing with the crisis and contract changes to expect in the future
