

7th Annual Food Labeling Regulatory Compliance Conference

Location

Alexandria, VA

Date & Time

Start Date: 02/11/2019

End Date: 02/12/2019

Speakers

Richard Fama will be leading the opening ice breaker session titled, Labeling Compliance Considerations for an Evolving Food Manufacturing Industry. As the food manufacturing industry continuously evolves at an increased speed due to progressing consumer trends, ongoing litigation, and changing regulatory requirements, labeling teams are tasked with immense workloads to maintain awareness and overall compliance. This interactive ice breaker will open the program with an opportunity for all participants to meet fellow food labeling professionals with the goal of engaging in swift dialogue aimed towards sharing top policy concerns and best practices for regulatory compliance. Furthermore, this warm-up session allows delegates to build contact with peers, kicking off the event networking platform.
