

COSECURE and Ravidal Announce Strategic Partnership to Enhance Cybersecurity Solutions

Tuesday, July 9, 2024

PHILADELPHIA, July 9, 2024 — COSECURE, a leader in providing security consulting services specializing in cybersecurity, emergency preparedness, physical security, and workplace violence to emerging companies, is proud to announce a strategic partnership with Ravidal Cybersecurity to advance their cybersecurity services and solutions offerings for businesses worldwide. This partnership combines COSECURE's cutting-edge consulting and Ravidal's expert cybersecurity capabilities to provide comprehensive and robust protection against evolving cyber threats.

The COSECURE and Ravidal strategic partnership extends COSECURE's strong commitment to supporting the critical need for advanced cybersecurity measures to safeguard sensitive information and ensure business continuity. By combining COSECURE's team of industry experts with Ravidal's unparalleled expertise in cybersecurity strategy and risk management, the partnership will provide COSECURE's clients with comprehensive cybersecurity solutions.

Key benefits of this partnership include enhanced security solutions, comprehensive risk management, and expert consultation. COSECURE clients will benefit from advanced security technologies, such as AI-driven threat detection and response, integrated with Ravidal's strategic advisory services. The partnership will offer businesses in-depth risk assessments, compliance management, and customized cybersecurity strategies to reduce risks and improve security. Additionally, Ravidal's team of experienced cybersecurity professionals will collaborate closely with COSECURE's technical experts to provide tailored solutions addressing specific security needs and challenges.

"We are thrilled to partner with Ravidal to broaden our clients' cybersecurity solutions. This partnership represents a significant step forward in our mission to expand COSECURE's range of services by integrating experienced industry professionals with our business," said Dan Pascale, CPP CEO of COSECURE.

Stig Ravidal, CEO of Ravidal, added, "Partnering with COSECURE allows us to enhance our service offerings and provide our clients with the most advanced cybersecurity technologies available. Together, we will set a new standard for cybersecurity excellence, ensuring our clients can confidently operate in a secure digital environment."
