

Fostering Diversity and Inclusion in Remote Working Environments

Location

Webinar

Date & Time

Start Date: 04/20/2021

Start Time: 12:00 pm

End Time: 1:00 pm EDT

Mariah Passarelli will be presenting a webinar on what employers can do to prevent the remote working environment from having a negative impact on employees in marginalized classes. Employers, across all sectors of the economy, moved to a remote working environment in 2020. Although the pandemic may subside this year, many companies will be continuing to offer remote work options into the future. While convenient in many ways, remote working environments present new challenges to diversity and inclusion efforts.
