

Cozen O'Connor Attorneys Named to 2023 Georgia Super Lawyers List

Friday, February 10, 2023

ATLANTA, February 10, 2023 – Super Lawyers has named three attorneys at Cozen O'Connor to its 2023 list of top practitioners in Georgia. Recognized by her peers in Georgia as a Super Lawyer is Alycen Moss (Civil Litigation: Defense). Luciana Aquino (Personal Injury General: Defense) and Danielle C. Le Jeune (Civil Litigation: Defense) were named "Rising Stars," a list that recognizes attorneys under the age of 40.

Super Lawyers represents the top 5 percent of all practicing lawyers in each state. The publishers of Super Lawyers identify preeminent attorneys based on surveys and interviews with thousands of attorneys, plus consideration of civic service and pro bono activities. The Rising Stars list includes just 2.5 percent of each state's "up and coming" young attorneys.

Luciana Aquino has experience representing corporate clients, national insurers, transportation companies, and international retailers in cases involving negligent construction, premises liability, products liability, catastrophic personal injury/wrongful death, and both first-party and third-party insurance coverage disputes.

Danielle C. Le Jeune focuses her practice on civil litigation. She has experience defending clients nationwide in commercial litigation and insurance defense cases, including premises liability, trucking, dram shop, contracts, environmental, and property issues. She has represented commercial entities, insurance companies, franchisees, and business operators against various personal injury, wrongful death, property damage, and breach of contract claims.

Alycen Moss is office managing partner of the Atlanta office. She concentrates her practice in civil litigation and has extensive experience with matters pertaining to property, casualty, and trucking issues. She also regularly litigates civil and commercial matters pertaining to transportation and logistics, as well as mass and complex torts and class actions. Alycen has also litigated complex cases involving environmental and toxic exposures, including asbestos, diacetyl, mold, and chemical exposures.
