

Next Generation Scene Documentation, Evidence Preservation, & Case Preservation Using Matterport

Location

Virtual

Date & Time

Start Date: 11/16/2020

End Date: 11/17/2020

Stephen Halbeisen and Phil Carroll will present, "Next Generation Scene Documentation, Evidence Preservation, & Case Preservation Using Matterport" at the NASP 2020 Annual Conference. This presentation will discuss the uses and limitations of the matterport technology as well as its benefits and potential impacts to enhancing subrogation recovery. Stephen and Phil will be joined by Justin Kestner and Kevin Kianka, both of Haag Technical Services.
