

Spontaneous Combustion

Location

Webinar

Date & Time

Start Date: 04/20/2023

Start Time: 11:00 a.m. ET

End Time: 12:00 p.m. ET

Howard D. Maycon, David D. Brisco, and Jim Brown of Fire Forensics & Technology will present a Cozen O'Connor webinar titled "Spontaneous Combustion."

Is it possible for a fire to magically start without introducing a flame or spark to combustible material? It may not be "magic," but every subrogation and insurance professional has encountered cases involving spontaneous combustion. The webinar presenters will discuss the science behind spontaneous combustion fires, the different types of materials that can cause spontaneous combustion, and the investigation and legal hurdles to proving a spontaneous combustion subrogation case.

CE is approved in FL, TX, NC, GA, WV, OK, DE, NH, and WA.

CLE is approved in PA, NY, TX, IL, NV, and CA.

CE/CLE information will be collected when you join the webinar.
