

Ripple XRP is 'unregistered security' and here's our suit: SEC

Wednesday, December 23, 2020

Joseph Dever was quoted in an article published by CoinGeek titled, "Ripple XRP is 'unregistered security' and here's our suit: SEC." Joseph said, "The SEC is coming off litigation victories this year in the cryptocurrency space, including their big win against Kik Interactive. So I'm not surprised to see the SEC continue to bring cases where they believe the distribution of cryptocurrencies falls under its jurisdiction."
